

2020 QUESTIONNAIRE ON EXPENDITURE ON CULTURAL AND NATURAL HERITAGE (SDG Indicator 11.4.1)

Data for the financial year ending in 2019

Deadline for returning the completed questionnaire: 25 SEPTEMBER

This questionnaire collects the most recent statistics on expenditure on heritage. The results show progress towards Sustainable Development Goals Indicator 11.4.1. The data will be included in the databases maintained by the UNESCO Institute for Statistics (UIS).

The Instructions page provides some practical guidelines on how to fill this questionnaire. For more details, see the [Instruction Manual for Completing the 2020 Questionnaire on expenditure on cultural and natural heritage \(Indicator 11.4.1\)](#) for detailed concepts, definitions and methodologies used in this survey.

Reference period for the data collected in this questionnaire

This questionnaire collects data for the financial year ending in 2019. Please provide information on the reference year, unit, currency and the main sources of data for the responses provided in the questionnaire. For data available for 2019, please report on the latest year available and indicate the reference period.

Coverage

The data provided in the questionnaire should include financial data on heritage from all institutions (public and private) carrying out activities related to the preservation, conservation and protection of cultural and natural heritage. The preferred sources of data are: National Accounts Data, Government Finance Accounts, and Satellite Accounts. An alternative data source is acceptable when it provides more comprehensive coverage.
